

Essential Immune Function

Presented by
theportal.life

Sunday 29th May 1.00pm to 4.00pm

Are you interested to learn more about Plant Medicine?
What CBD actually IS? And why people are talking about it?
Join us as we explore the innate relationship between the human body's
endocannabinoid system and the cannabis plant.

Topics covered:

- The Endocannabinoid system
and its role in regulating immune function
- Maintaining Immunity through Herbal Medicine
- The relationship between the gut and immune health
- Lifestyle factors affecting the immune system

Presenters; Emma Cohen RN, Colette Baron,
Kim McFarlane, BJ Futter, MC – Nikki Freeburn.

Guest speaker; Nina Angelo OAM
– sharing her own experience with Cannabis and Cancer

Tickets \$20 (through [ThePortal.Life](https://theportal.life))

Includes nourishing plant-based refreshments,
Hemp Seed Smoothie demonstration and tastings

Kincumber and District Neighbourhood Centre
